Thank You For Your Participation

See You Next Year!

The Envirothon

The Envirothon is a competition designed to test the knowledge of high school students concerning natural resources in Ohio. The goal of this competition is to stress the importance of our natural resources and to promote their importance in maintaining a healthy environment.

The Envirothon encourages group problem solving and team building. It also promotes an increased interest in sciences and helps students become involved in environmental issues in the future years.

This competition is sponsored by the Ohio Federation of Soil & Water Conservation Districts and the Ohio Department of Natural Resources, Division of Soil & Water Conservation.
