

Build Your Own Rain Barrel

This workshop will be held **September 25, 2010 from 10-12**

Collecting rainwater from your roof during storms can not only lower your water bills, but also help to decrease water demand during the hot summer months. Each barrel will have a 55 gallon capacity.

Limited to **25** participants so register soon! Registration is due by **Monday, September 13.**

This workshop will be held at 8534 Yankee St., Dayton

Build and take home your own rain barrel for only \$50 or a double barrel system for \$70!

Brought to you by Montgomery Soil and Water Conservation District
